

# OPTIMIZING DIAGNOSTIC IMAGING IN PARKINSONIAN SYNDROMES

Friday, 25 June 2021

Time: 14:00 - 18:30 EET (13:00-17:30 CET)

**HYBRID GE Healthcare-sponsored educational meeting**  
To Optimize the role of Diagnostic Imaging in Parkinsonian Syndromes,  
we would like to invite you to our Hybrid Scientific Meeting

Official Language: English, Location: Nafs Hotel, Nafpaktos, Greece

[REGISTER HERE](#)

## SCIENTIFIC AGENDA

### SCIENTIFIC PANEL:

**Dr. Eftychia Kapsalaki,**  
Professor of Radiology,  
University of Thessaly,  
Medical School, Larisa,  
Greece

**Dr. Zinovia Kefalopoulou,**  
Assistant Professor in  
Neurology,  
University of Patras,  
Neurology Department, Rio  
Hospital, Greece

**Dr. Nikos Papathanasiou,**  
Assistant Professor in  
Nuclear Medicine,  
Nuclear Medicine  
Department, University of  
Patras, Rio Hospital, Greece

14:00 - 14:10 EET (13:00 - 13:10 CET) Welcome and Introduction

14:10 - 14:50 EET (13:10 - 13:50 CET)

### Parkinsonian Syndromes. Is clinical evaluation enough?

**Dr. Zinovia Kefalopoulou,**  
Ass. Professor in Neurology, University of Patras,  
Neurology Department, Rio Hospital, Greece

14:50 - 15:30 EET (13:50 - 14:30 CET)

### DaT-SPECT- Imaging or FDG-PET? Who will benefit the most?

**Dr. Nikos Papathanasiou,**  
Ass. Professor in Nuclear Medicine , Nuclear Medicine Department,  
University of Patras, Rio Hospital, Greece

15:30 - 16:00 EET (14:30 - 15:00 CET)

### The value of using DaT-SPECT Imaging. Interesting Cases.

*Comments from the Clinical point of view. (Multiple Choice Voting System)*

**Dr. Nikos Papathanasiou,**  
Ass. Professor in Nuclear Medicine ,  
Nuclear Medicine Department,  
University of Patras, Rio Hospital, Greece

**Dr. Zinovia Kefalopoulou,**  
Ass. Professor in Neurology, University of Patras,  
Neurology Department, Rio Hospital, Greece

16:00 - 16:15 EET (15:00 - 15:15 CET) Break - Refreshments

16:15 - 17:15 EET (15:15 - 16:15 CET)

### MR-based neuroimaging or CT in Parkinsonian Syndromes? Interesting Cases.

*Comments from the Clinical point of view. (Multiple Choice Voting System)*

**Dr. Eftychia Kapsalaki,**  
Prof. of Radiology, University of Thessaly,  
Medical School, Larisa, Greece

**Dr. Zinovia Kefalopoulou,**  
Ass. Professor in Neurology, University of Patras,  
Neurology Department, Rio Hospital, Greece

**17:15 - 18:00 EET (16:15 - 17:00 CET)**

- **Neurologist's Point of View. What I need.**  
Dr. Zinovia Kefalopoulou
- **Nuclear Medicine approach. What I "could see".**  
Dr. Nikos Papathanasiou
- **Neuroradiologist's Perspective. Alternative or Innovative Technic?**  
Dr. Eftychia Kapsalaki

**18:00 - 18:20 EET (17:00 - 17:20 CET) PANEL DISCUSSION, QUESTIONS/ANSWERS**

**18:20 - 18:30 EET (17:20 - 17:30 CET) Conclusions - Summary - Take home messages**
